

# MOUSA ALMAJTHOOB

DOT NET Core developer

## About Me

I am a highly motivated and passionate ASP.NET CORE developer in designing, developing, and maintaining web applications using ASP.NET CORE technologies. My strong analytical skills and attention to detail enable me to write efficient and optimized code that delivers exceptional user experiences, and I am always eager to learn and adapt to new technologies. I thrive in collaborative environments and enjoy working with cross-functional teams to achieve project goals.

## EDUCATION

### Hashmite University

**2019-2023**

Bachelor Degree of Computer Science with very good GPA (3.47)

### Graduation project:

**Jan 2022- Feb2022**

#### Well Log Production Tool :

A website application by using python and streamlit packages. This website displays the well log data and find the missing NPHI data by using machine learning algorithms and display it as graphs. (Graduation project (A+))

## EXPERIENCE

**April 2022 - Sep 2022**

### Royal Jordanian Airline

Coustomer Service Agent

- Checking in
- Boarding

**July 2023 - Present**

### Tech Process Solutions

I have learned how to program APIs and RDLC, as well as how to use Postman with the API. I've also gained experience in using Chart.js, building a 3-layer architecture, and working with HangFire. Additionally, I have successfully completed several tasks assigned to me by the company.

## COURSES

### ASP.net | Core - 80 hours

#### Step by Step Company

Learned to develop front end and backend.  
html, css, js, bootstrap, c#, mvc, mvvm, sql server .

### Flutter

#### The Hope International Company

Learned to develop mobile Applications with Dart.

## TECHNICAL SKILLS
